NADER AR RAHMAN

Full-Stack Web Developer

Noakhali, Bangladesh • +880 1314726425 • nader2418@student.nstu.edu.bd • Portfolio • GitHub • LinkedIn

CAREER OBJECTIVE

> Passionate Full-Stack Web Developer seeking to leverage a strong foundation in Information Science and Library Management (ISLM) alongside modern web technologies to engineer accessible, well-structured digital information systems and user-centric web applications.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, Tailwind CSS, HTML5, CSS3

Backend: Node.js, Express.js, MongoDB, PostgreSQL, REST APIs

Tools & Platforms: Git, GitHub, Vercel, Figma

KEY PROJECTS

Bangla News 24 — Next.js, TypeScript, MongoDB, Better Auth **Live Demo** | **GitHub**

- Engineered a modern Bengali news portal utilizing Next.js, TypeScript, and MongoDB for seamless content management and fast SSR.
- Integrated secure multi-provider OAuth authentication and role-protected routes via Better Auth to safeguard user data.
- Designed a responsive UI featuring category-based article navigation and a dynamic scrolling headline marquee for breaking news.

BazarDor — Next.js 16, React 19, Tailwind v4, MongoDB **Live Demo** | **GitHub**

- Built a real-time daily market price tracking application leveraging Next.js 16, React 19, and Tailwind CSS v4.
- Developed custom numeric parsing algorithms to handle dynamic sorting and comparisons using Bengali numerals across 12+ markets.
- Implemented an infinite-scrolling ticker component to display real-time commodity updates smoothly across devices.

FitLog — Next.js, Context API, Tailwind CSS **Live Demo** | **GitHub**

- Created an interactive fitness tracking web application using Next.js and Context API for global state persistence.
- Streamlined workout workflows by synchronizing saved exercises with daily schedules and multi-criteria sorting by ratings and calorie burn.

DevStack — React, Vite, TypeScript, Tailwind CSS **Live Demo** | **GitHub**

- Developed a high-performance tech stack builder featuring real-time state management and duplicate prevention rules.
- Integrated instant toast notification feedback mechanisms to optimize user interaction during stack composition.

EDUCATION

BSS (Honours) in Information Science & Library Management 2023 — Present (4th Year)
Noakhali Science and Technology University (NSTU)

Higher Secondary Certificate (HSC) — Science 2022 | GPA: 5.00 / 5.00
Mohammad Chowdhury (MC) Academy, Sylhet

CERTIFICATIONS

Professional WordPress Mastery: Zero to Hero — UY LAB 2025

School Library Leadership Program — Librarian Voice 2025

LANGUAGES

Bengali: Native **English:** Professional **Hindi:** Conversational
